

LL135-1,LL135-2Series

SURFACE MOUNTING WARNING LIGHT

SENKEN

Features:

- Adopting High Performance Gen 3 LED, and creatively using LINE lens designed by advanced optical system.
- Ideal homogeneous light shape, and stronger beam directivity.
- Sealed by silicon, avoiding stress damage from bolts.
- IP65 waterproof ability, excellent for different harsh environment.
- Single colour and bi-colour options under choice.
- Synchronous flash and asynchronous flash are available.

Technical Specifications:

Model	LL135-1	LL135-2
Gen 3 LED quantity	4pcs	8pcs
Working voltage	10v-30v	
Current draw	less than 1A	
Flashing patterns	25 flash patterns	
Operating temperature	-40℃ ~+55℃	
Dimension	3.875" (9.84cm) L x 1.33" (3.37cm) W x 1.0" (2.52cm) H
